ADVANCED SERVICES
SSD CLOUD SOLUTION (GSI-SSD)

SMART CONTROLS SMALL SCALE

GSI's Small Scale Deployment (SSD) Cloud Solution provides end-users the full benefits of a large-scale networked controls system without the full-scale hosting costs. Whether it's an initial pilot program for an enterprise-wide rollout, or merely a smaller physical footprint, GSI's SSD Cloud Solution gives you the smart controls you desire at a fraction of the standard annual cost.

SSD CLOUD FEATURES

- ✔ Reduced Setup Fees
- ✔ Full Networked Controls
- ✔ Cloud-Based Support
- ✔ Lower Annual Cost
- ✔ For Small Scale Applications
- ✔ Full Technical Support
- ✔ End-User System Interface
- ✔ Multi-facility Capabilities

WHAT MAKES SBT DIFFERENT?

Fueled by the Internet of Things (IoT), today's smart building control systems are far more than a tool to drive energy efficiency. Working to harness the data collection capabilities of today's smart building controls systems, SBT, and our Glued Solutions division, work with clients to develop custom applications that provide deeper insights into their facilities and operations. Whether it's space utilization, preventative maintenance, or something more unique, our application development team works one-on-one to build out a custom solution that fits your specific needs.

OUR CORE COMPETENCIES

SMARTER DESIGNS
Our professional design team works with each client to develop custom system designs that fit a variety of settings and applications. These comprehensive designs include offices, manufacturing plants, and industrial spaces. Through our proprietary design process, we also provide system design review services for some of the industry's largest IoT controls manufacturers.

SMARTER PROGRAMMING
Our extensive wireless networking expertise makes our system setup and programming services unmatched within the industry. From the initial device setup to post-install verification, our proprietary provisioning processes and innovative support technologies ensure your system is programmed for peak performance.

SMARTER SUPPORT
SBT's system maintenance and technical support services ensure your systems continue to run entirely optimized. Whether it is through schedule adjustments, control strategy tweaks, or system device reconditioning, our smart SUPPORT HUB tablet and technical support team provide you with the back up you need when you need it.

SMARTER SPACES. MADE EASY.
